

Who are we?

Libero Finance BV, trading as Libero Financieel, is an independent consulting organisation in the field of mortgages, insurance and wealth advice.

What can we do for our clients?

Libero Financieel helps you find the best financing for your own home. An owner-occupied home is a precious asset and securing one can sometimes be challenging. Here too, we actively help through our collaboration with Libero Aankoop, the largest purchase broker in the Netherlands. Through a thorough inventory beforehand, we can indicate exactly what financial possibilities you have to purchase a home. We stand for sustainable financial advice. This means that we not only look at how we can finance your home optimally, but also how we can make your home as sustainable as possible. There are lots of opportunities for this that often go untapped. Together, we like to make the world more sustainable. And it also means lower energy costs. Even during the term of the mortgage, we are at your service by proactively taking advantage of opportunities to reduce costs.

We advise and mediate in:

- income insurance
- non-life insurance
- consumer credit
- mortgage credit
- wealth accumulation
- savings accounts

What do we expect from our clients?

To ensure the best possible service, we need to be aware of your personal and financial situation. We would like to know who you are so that we can give you tailor-made advice. The more complete the information, the better we can respond to personal needs and objectives.
